# United Way of the Bluegrass

**AFTER A CENTURY OF SERVICE**, United Way of the Bluegrass (UWBG) still provides the resources, expertise, vision, and leadership to help bring community-driven goals to life. Since 1921, we have been tackling the region's most pressing needs.

Each day we fight for the basic needs, education, and financial stability of every person in the ten counties we represent:

**Anderson, Bourbon, Clark, Fayette, Franklin, Jessamine, Madison, Montgomery, Scott, and Woodford.**

**OVER THE LAST DECADE**, UWBG and our partners have provided 1.2 million instances of service to underserved families across Central Kentucky.

## Centennial

**MUCH HAS CHANGED** since March 4, 1921 when our organization was founded, though our mission has remained consistent as we continue to fight for every person in every Central Kentucky community that we serve.

**100 YEARS LATER, WE ARE STILL HERE TO SUPPORT OUR NEIGHBORS.** As we look ahead, we face many unique challenges to ensure that every person in our community has equitable access to the tools they need to achieve financial stability, physical and mental health, and long-term success.

**We can face these challenges together. When we Live United, we can accomplish so much more than any of us could on our own.**

## WayPoint

**WAYPOINT'S MISSION** is to create an access point for families and individuals, and to provide vital programming to people living in underserved neighborhoods and communities of color across the Bluegrass. Each WayPoint Center brings together the region's most effective nonprofit, government, and business organizations to leverage their strengths against our community's biggest issues. WayPoint centers coordinate an ecosystem of partners and programs to have the greatest impact on local families from a physical and place-based anchor in their communities.

These centers bring a customized suite of programs to our communities who need them most, building resilience one family at a time by growing financial stability, ensuring basic needs are met, supporting school aged children, and much more. Our caring team will meet clients where they are on their journey forward and will provide personalized support to help stabilize individuals in crisis, move families toward financial self-sufficiency, and create innovative solutions to break the cycle of generational poverty.
